

Minutes of the IEEE Algeria Joint Chapter *IEEE Nuclear and Plasma Sciences/Dielectrics and Electrical Insulation* Meeting

(Djillali Liabes University, Sidi-Bel-Abbes, 15/04/2013)

The meeting was held on 15th April 2013 during the “the second workshop on High Voltage Engineering, Electrostatics & Electromagnetic Compatibility” jointly organized by IRECOM, APELEC, ICEPS & LRCE laboratories from Djillali Liabes University, Sidi-Bel-Abbes, Algeria.

Attendance: See attached list.

Agenda:

1. Increasing IEEE Members' number of the joint chapter.
2. Organization of election of the members of the chapter's executive board.
3. Miscellaneous

Meeting Process:

The meeting chair, Pr. Amar TILMATINE, Vice-president of the IEEE Algeria Subsection, has opened the meeting at 17h00 p.m. All participants to the Workshop agreed that this event was a great success, due to participation of 9 speakers of high grade level, who come from France, Slovenia and USA.

1. Increasing IEEE Members' number of the joint chapter.

The Joint chapter has currently 13 members and all present members decided to reach at least 20 members for the present year. Some Directors of laboratories present in the Workshop promise to do their best to convince their laboratory members to join the chapter.

2. Organization of election of the members of the chapter's executive board.

All present members have proposed to organize the election of the members of the chapter's executive board. The election of the *IEEE Nuclear and Plasma Sciences/Dielectrics*
